

DRAFT

African Regional Implementation Meeting (RIM) for CSD-18

Addis Abeba, 27-30 October 2009

Mapping tool¹ for the development of programmes in support of national and regional initiatives on sustainable consumption and production

PROGRAMMES	POLICY AND MEASURES	MEANS OF IMPLEMENTATION, other SUPPORT MECHANISMS	LEAD ACTORS	MEASURES OF SUCCESS	REGION
NON-SECTOR SPECIFIC/CROSSCUTTING					
National SCP action plans	-A mix of policies depending on national circumstances (economic instruments, laws and regulation, voluntary instruments etc.)	-Financing and capacity building from development agencies and international organisations; -Establish an African peer review mechanism for national SCP action plans and mainstreaming into other crosscutting national strategies; -UNEP's Planning for Change methodology and SCP Indicators for developing countries	National government; ARSCP; UNEP; Marrakech Process Task Forces on a) Cooperation with Africa and b) Sustainable Procurement	-Number of countries with a national SCP action plan. -main streaming of SCP into PRSP's and sectors	Africa

¹ This mapping tools has been developed by the Marrakech Process on Sustainable Consumption and Production to ensure that regional SCP priorities are presented in a common format and thus facilitate the elaboration of a Ten Years Framework of Programmes on SCP that will be under consideration at CSD 19 in May 2011.

Implementation of an African local level SCP initiative	-Development and application of concrete local and city level SCP tools in areas such as urban air pollution control, Integrated waste management	-Capacity building; -Training and empowerment of local level officials and other actors	ICLEI Africa; ARSCP; UNEP;	Implementation of SCP projects at local and city level	Africa
Regional programme on resource efficient and cleaner production (RECP), including building capacities of national NCPC's and SCP institutions	-Legislation and enforcement (setting standards and targets); -Integrated policy approach to industrial and environmental management - Voluntary agreements	-Financing and capacity development support -Training and capacity building of staff -Technological assistance to businesses and other organizations	National governments; UNIDO; UNEP; NCPC's	-Expand number of and strengthen the existing NCPC's in Africa; -number of companies with environmental management systems	Africa and duplicated in other UN regions
African ecolabelling mechanism	-Sustainable procurement; -Dialogue with retailers; -Campaigns to increase recognition of label with customers,	-Governmental/public support to initial phase of African Ecolabelling Mechanism; -Secretariat to deal with criteria and issuing of labels;	African Organisation on Standardization; ARSCP; Marrakech Process Task Force on cooperation with Africa;	-Number of African products that are ecolabelled; - Global market penetration and recognition of African ecolabelled products	Africa
Education for sustainable consumption and production	-Mainstreaming SCP into existing curricula; -SCP awareness at workplace level; -Promoting sustainable lifestyles	-Curricula development; -Involvement of major groups; -Media and advertisement	-ARSCP; -Marrakech Process Task Forces on education for SCP and sustainable lifestyles; ICLEI; Universities; Ministries of education	-Improve understanding of SCP; -Change in lifestyles;	Africa

Knowledge management platform and information exchange on SCP	Develop linkages of relevant agencies and Roundtable on SCP	-Long term financial mechanism to secure commitment to this platform	-ARSCP; -UNECA; -UNEP; -UNIDO	-Number of national SCP policy experts and practitioners involved in	Africa

THEMES/SECTORS

African integrated solid waste management system

	-Implement sound management of chemicals; -Conclude ratification of a protocol on liability and compensation for damages under the Basel Convention; -Establish inventories of hazardous waste and radioactive wastes and sites	-Transfer and dissemination of knowledge and technology, investment in environmental sound management of chemicals; -Strengthen national human and institutional capacity on sound management of chemicals	UNEP UNECA UNIDO	Number of integrated waste management program in place; Local level and national level	Local level; Africa
--	---	---	------------------------	---	------------------------

Sustainable building and construction

	-Energy efficiency standards for building envelopes and equipment; -Green building codes;	-Capacity building; -African knowledge center on Green buildings in entire life-cycle;	-Green Building Council – South Africa; -ICLEI; -Marrakech Task Force on Sustainable Building and Construction; -ARSCP	-Number of countries adopting voluntary standards	Africa
--	--	---	---	---	--------

Promoting small scale renewable energy and biomass based generation

	-Provide fiscal	-Develop human and	ICLEI;	Total	Africa
--	-----------------	--------------------	--------	-------	--------

	and other incentives for the on and off grid renewable energy generation;	financial capacity for take up of renewables; -Support development of rural organisations, community-driven cooperatives to enhance investments in renewables	World Bank; National governments	generation capacity from small scale renewable energy projects	
	-Enabling policy framework that improves access to reliable and affordable renewable energy;				
	-Integrated assessment of environmental and social impacts of biomass based generation
